26 Glacier Tour and Coach from Anchorage to Whittier, Alaska
Full Day Excursion
Thursday, September 18, 2025
\$286.95

We will depart from the Captain Cook Hotel (a 2 minute walk from the Marriott) at 9am on Thursday. (Transportation will be provide for those needing assistance to the Captain Cook). Combine a sight-seeing tour and 5 ½ hour glacier cruise with lunch included. Climb aboard a comfortable coach for a narrated journey along Turnagain Arm and continue the tour on a catamaran for a smooth, scenic cruise that navigates through narrow fjords and right up to the face of massive glaciers.

The 26 Glacier Cruise departs Whittier to explore the calm waters and wild sights of Alaska's Prince William Sound. Discover glacier-carved fjords and pristine wilderness around every turn. Watch for marine wildlife and migratory birds along the way.

Prince William Sound boasts one of the world's largest concentrations of tidewater glaciers. College Fjord and Harriman Fjord provide impressive panoramic views of spectacular glaciers flowing down from the mountains to the saltwater. As the Captain navigates a path through the ice-filled waters, watch the dynamic tidewater glaciers closely as massive chunks of ice can calve (break off) at any moment and crash to the sea with a thunderous sound.

Marine wildlife and migratory birds easily outnumber people in Prince William Sound, so the odds are good that you will see a lot more than glaciers on the cruise. Sea otters are a common sight, along with harbor seals, Bald eagles and kittiwakes. There are five species of wild Alaska salmon in the Sound. When the fish are in, the whales and bears will follow! It is not uncommon to see Orca whales, humpback whales, sea lions, black bears, mountain goats, Dall's porpoise and migratory birds on the cruise.

We will arrive back at the hotel around 8:00 pm.

Attire: Dress in light layers. September is usually still warm, but being on the water may be a little cooler.

Shroud & Sepulchre

A Guest Presentation on the Shroud of Turin by Mr. Bob Bird, M.A.
Equestrian Order of the Holy Sepulchre of Jerusalem | Investiture 2025
Anchorage, Alaska | Sunday, September 21st, 2025

When it was evening, there came a rich man from Arimathea, named Joseph, who also was a disciple of Jesus. He went to Pilate and asked for the body of Jesus. Then Pilate ordered it to be given to him. And Joseph took the body, and wrapped it in a clean linen shroud, and laid it in his own new tomb, which he had hewn in the rock; and he rolled a great stone to the door of the tomb, and departed. Mary Magdalene and the other Mary were there, sitting opposite the sepulchre. (Matthew 27:57-61, RSV-CE)

The “Shroud of Turin” is the name of a holy relic, preserved at Turin, Italy, which is held to be to the linen burial cloth of Our Lord Jesus Christ. The 14’ 3” x 3’ 7” cloth shows as a photographic negative the frontal and dorsal images of a man who has been whipped and crucified. It also contains traces of human blood, sweat, and other bodily fluids. Careful investigation has proven this image is not a painting, a drawing, or a scorch. In fact, no artifact in history has undergone such scrutiny and scientific study.

In this presentation we will learn from respected shroud scholar, historian, and teacher, Bob Bird—accompanied by an official, life-size copy of the image—about this amazing relic and its connection to our Easter Faith.

NB. During the presentation, out of respect for the speaker, and courtesy for one another, please silence your cell phones. Due to the religious nature of the content, and its direct relation to the piety of the Equestrian Order, please maintain appropriate decorum.

Bob Bird

Biography:

Bob Bird is a semi-retired public school teacher on the secondary and collegiate levels, currently a home-school tutor and radio talk-show host in Alaska, where he has lived since 1977. Raised in the Midwest, he attended his first Shroud lecture in the late 50s and even at a young age was permanently fascinated.

Being a professional historian, Bob has studied the up-and-down saga of the Shroud throughout the centuries. His lectures emphasize historical theories, the Pia, Enrie and Schwartz photographic record, and Barbet's A Doctor at Calvary. In the 1970s he watched unfold the STURP conclusions, and patiently awaited the rebuttals of Shroud historians and scientists after the C-14 press conference, now impossible to ignore.

He possesses a Bachelor's and Master's Degree in History, is a half-Italian war-baby, and saw the Shroud in the 2010 exposition. He has given Shroud lectures over thirty times throughout Alaska and in New Jersey, Florida and Minnesota.

Scope & Content of Presentation:

Bob travels with the life-sized replicas of both the Shroud and Oviedo sudarium, produced by Barrie Schwartz, who has been a guest numerous times on his radio show. He inculcates a discussion of the Manoppello Cloth and other relics in the power point presentation. He has used volunteers to demonstrate how the Shroud was wrapped with a continuous length 14-foot white cloth.

The talk is constantly updated and can be designed for a public school setting as an historical artifact of religious significance. He also modifies it for grades K-12, and for Evangelical, Orthodox, Catholic and general public audiences.
